

RECOMMENDED KIT LIST

The following kit is strongly recommended for your comfort and enjoyment of the ride. The weather in Scotland can be very changeable, even in the summer.

As a minimum, appropriate footwear is mandatory. You will not be allowed to ride in sandals, trainers or any footwear with ridged soles that could get trapped in the stirrups.

You may wear your own riding helmet (if you have one) but only if it complies with the latest standards (please visit <http://www.wilderways.scot/terms.html> for full details)

½ DAY OR FULL DAY RIDE

	<i>Checklist v</i>
Suitable footwear for riding (i.e. hard smooth sole and slight heel)

Swimwear	

BAGGAGE ALLOWANCE

Given that we will be 'mobile' and have a lot of equipment between us all, we need to limit baggage to ensure we can transport and handle it effectively. As such, please ensure you pack such that you limit your luggage to a single rucksack or small suitcase.

Our horses work very hard, so we like to limit any 'extra baggage' as they already must carry us and lunch. Therefore, please note, not every horse will have a saddle bag. As such, we recommend you bring a bum bag so you can carry your personal items.
